

Hello, my name is Alexander Josue Suclupe Paucar, I am 19 years old, my date of birth is May 20, 2004, my place of birth is San Martin de Porres.

I have a brother, he is 17 years old, he is studying communications, my parents have been married for approximately 20 years.

I am a university student and I started in 2021. My favorite course is web architecture, I like to make mockups for web pages and try to code them. Currently this is doing pre-professional internships.

My hobbies are playing the guitar, listening to rock music, making web page mockups, going for a walk in the park or near the beach.

The reason for taking this course is to gain feedback on English, which I have a small experience with, and in the future, to have more job opportunities abroad.
